IAB Case No.: 0708017 Local Log No.: CMC-07-01748

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner C. Hall, Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

**I APPELLANT'S ARGUMENT:** It is the appellant's position he was informed his teeth would be repaired in a timely manner, as he was classified as a Dental Priority Code (DPC) 2; however, alleges this has yet to occur based upon overcrowding and a lack of dental staff. The appellant is requesting for his teeth to be repaired in a timely and professional manner; and, damages.

**II SECOND LEVEL'S DECISION:** It is the institution's position the appellant was interviewed by a panel of three dentists who determined he was triaged on May 8, 2007. At that time, the appellant was classified as a DPC 2. On June 13, 2007, the appellant was triaged for a new and separate dental issue, which was resolved via treatment on June 19, 2007. According to the appellant's Unit Health Record, he was categorized as a DPC 2, and received dental treatment in a timely manner. The appellant was also advised he would continue to receive treatment as a DPC 2 patient.

**III DIRECTOR'S LEVEL DECISION:** Appeal is denied.

**A. FINDINGS:** The appellant contends he has not received dental intervention in a timely manner after being categorized as a DPC 2, Interceptive Care, treatment within 120 days of diagnosis and DPC classification. These allegations are refuted, as the appellant has received timely and professional dental intervention as mandated by the Perez vs. Tilton Stipulated Agreement. The appellant was triaged on May 8, 2007, and was categorized as a DPC 2; however, on June 13, 2007, the appellant was triaged for a separate dental issue which was resolved via treatment on June 19, 2007. The appellant is advised the awarding of monetary compensation is beyond the appeals process and will not be addressed at the Director's Level of Review (DLR). The California Code of Regulations, Title 15, Section (CCR) 3354 establishes that only qualified medical personnel shall be permitted to diagnose illness and/or other conditions, and prescribe medical treatment for inmates. It is not appropriate to self-diagnose medical problems and expect a physician to implement the appellant's recommendation for a course of medical treatment. In this particular matter, the appellant's contention that he has not received adequate medical care is refuted by the medical records and professional health care staff familiar with the appellant's medical history. After review, there is no compelling evidence that warrants intervention at the DLR, as the appellant is receiving dental intervention within the timelines mandated by the Perez vs. Tilton Stipulated Agreement.

**B. BASIS FOR THE DECISION:**

CCR: 3350, 3354, 3355.1

**C. ORDER:** No changes or modifications are required by the Institution.

If dissatisfied, the appellant may forward this issue to the California Victims Compensation and Government Claims Board, (formerly known as the Board of Control), Government Claims Unit, P.O. Box 3035, Sacramento, CA 95812-3035, for further review.

## MEMORANDUM

<b>APPEAL RESPONSE LEVEL</b>	:	SECOND LEVEL
Date	:	December 14, 2007
To	:	STEPHENS, JIMMIE
CDC#	:	C56483
APPEAL LOG #	:	CMC-E-07-02884
ISSUE APPEALED	:	DENTAL

### INTERVIEW:

You were interviewed on December 13, 2007, by a panel of three dentists, regarding this appeal.

### PROBLEM / DESCRIPTION:

Stephens, Jimmie C-56483: In your written appeal signed November 28, 2007, you state that you were willfully denied, deprived "right to eat" on right side of mouth based upon refusal to allow "partials" etc. "braces, implants". You are unable to chew food properly based upon lack of teeth. You are requesting partials, braces, crowns, composite fillings, cleaning, preventative care, medications, and upper and lower partials.

### RESPONSE:

Your Unit Health Record (UHR) was reviewed and you were interviewed by a panel of dentists regarding this appeal. On May 8, 2007 you were triaged for an examination and given a Dental Priority Classification 2 (DPC2). On June 13, 2007 you were triaged as needing a stainless steel crown on tooth #18. On June 19, 2007 you received a stainless steel crown on tooth #18. On August 23, 2007 you were interviewed in regards to an appeal, and then you were seen on December 4, 2007 for the same reason, in which you complained that you had not been seen yet. You also refused your triage evaluation. While reviewing your appeal the dentists used the applicable Policy & Procedures along with your UHR to consider your complaint. It has been determined that you were correctly screened by the dentist and that you were given a higher priority classification than was required while demonstrating care and concern for your welfare. Inmates are treated according to their Dental Priority Classification and in chronological order.

You have been scheduled for an examination to determine your overall dental needs. You are on the appropriate priority list and will be seen in chronological order according to your Dental Priority Classification. If your dental issue changes, (i.e. severe pain, infection) you should contact the Dental Clinic by filling out a CDC 7362 Health Care Services Request Form via the triage nurse in your yard.

**DIRECTOR'S LEVEL APPEAL DECISION**

Date: DEC 13 2007

In re: Jimmie Stephen, C56483  
California Men's Colony  
P.O. Box 8101  
San Luis Obispo, CA 93409-8101

IAB Case No.: 0702827 Local Log No.: CMC-07-01391

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner R. Pennington Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

**I APPELLANT'S ARGUMENT:** It is the appellant's position that he has been inappropriately denied a job in the Prison Industry Authority (PIA). The appellant contends that he worked in the PIA at R.J. Donovan Correctional Facility and his transfer was non-adverse. The appellant has requested to be provided with the right to work in the PIA. The appellant contends that one arson does not make a person a threat, neither does his murder conviction.

**II SECOND LEVEL'S DECISION:** On July 5, 2007, the appellant appeared before Institution Classification Committee for his Second Level of Review (SLR). The appellant was informed that upon reviewing the appellant's central file established that the appellant was ineligible for a PIA position due to a history of arson. Review of the appellant's Criminal Identification and Information (rap sheet) indicates that he was arrested by the LAPD on May 19, 1984 for California Penal Code Section 451 Arson of Inhabited Structure/Property for which the appellant was convicted and sentenced to a seven year CDCR term. Pursuant with California Men's Colony (CMC) PIA policy, inmates with a previous arson conviction, or whose case contains the elements of arson and/or possession or use of explosive material shall be excluded from the PIA. The appellant received a conviction for an arson offense. The appellant's appeal was denied at the SLR.

**III DIRECTOR'S LEVEL DECISION:** Appeal is denied.

**A. FINDINGS:** The primary objectives of the correctional institutions are to protect the public by safely keeping person committed to the custody of the Director of Corrections, and to afford such persons with every reasonable opportunity and encouragement to participate in rehabilitative activities. Consistent effort will be made to insure the security of the institution and the effectiveness of the treatment programs within the framework of security and safety. The institution has taken the appropriate action and informed the appellant that based upon his prior conviction for arson he will not be permitted to obtain a job in the PIA. The requirement of custodial security and of staff, inmate and public safety must take precedence over all other considerations in the operation of all the programs and activities of the institutions of the department. The appellant has failed to provide any compelling information or evidence that would warrant a modification to the decision reached by the institution. Therefore, no relief will be provided to the appellant at the Director's Level of Review.

**B. BASIS FOR THE DECISION:**

California Code of Regulations, Title 15, Section: 3001, 3005, 3040, 3270, 3271, 3375, 3375.2, 3376, 3377.2, 3380

C. ORDER: No changes or modifications are required by the Institution.

**DIRECTOR'S LEVEL APPEAL DECISION**

Date: **NOV 05 2007**

In re: Jimmie Stephen, C56483  
California Men's Colony  
P.O. Box 8101  
San Luis Obispo, CA 93409-8101

IAB Case No.: 0704016 Local Log No.: CMC-07-01135

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner C. Hall, Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

**I APPELLANT'S ARGUMENT:** It is the appellant's position he requires single cell status based upon psychiatric evaluations completed in 1986, 2002 and 2004. The appellant claims his present cell confinement affects his activities-of-daily living, which is causing pain and suffering. The appellant is requesting single cell status forthwith and/or a transfer to an appropriate institution for relief based upon daily inflections of pain.

**II SECOND LEVEL'S DECISION:** It is the institution's position the medical appeals analyst and mental health staff reviewed the appellant's Unit Health Record and determined a mental health evaluation was completed on April 11, 2007, at which time he showed no clear signs of his previous diagnosis of paranoid schizophrenia. During the interview, the appellant informed health care staff he did not desire mental health services and only wanted single cell status. In addition, the appellant was asked if his condition had changed as he was no longer a participant in the Mental Health Services Delivery System (MHSDS). The appellant was advised CDCR housed inmates on double cell status, which is not considered punishment. In addition, a transfer to another institution was not medically indicated, as the appellant's mental health needs are being met at California Men's Colony (CMC). The appellant was informed he would remain on double cell status, based upon his April 11, 2007, mental health evaluation.

**III DIRECTOR'S LEVEL DECISION:** Appeal is denied.

**A. FINDINGS:** The appellant contends his mental health evaluations necessitate single cell status. Although the appellant was previously diagnosed with paranoid schizophrenia, his mental health evaluation reflected the appellant was asymptomatic and not a participant in the MHSDS. The appellant is advised the California Code of Regulations, Title 15, Section (CCR) 3377.1, indicates an "S" suffix may be affixed by a classification committee to the inmate's custody designation to alert staff of an inmate's need for single cell housing. The classification committee's decision to affix the "S" suffix shall be based upon documented evidence that the inmate may not be safely housed in a double cell or dormitory situation based on a recommendation by custody staff or a health care clinician. At this time, double cell status is appropriate for the appellant. In addition, there is no clinical evidence that warrants a transfer to another institution, as the appellant's health needs are being appropriately met by CMC health care clinicians. After review, there is no compelling evidence that warrants intervention at the Director's Level of Review, as it has been determined the appellant is appropriately housed.

Subject : UNIVERSAL PRECAUTIONS

Recently there has been a larger than normal number of inmates who have reported to the East Medical Clinic reporting to be suffering from flu-like symptoms. These inmates complaining that they were vomiting and experiencing diarrhea. Cultures taken form the affected inmates have been analyzed and indicated they had norovirus. In most cases, norovirus causes vomiting and/or diarrhea for one to three days, but is not dangerous to otherwise healthy individuals.

As a result of the increase number of inmates suffering from these symptoms we have made the decision to proactively address this issue and take the following precautions to limit the number of inmates exposed to this virus.

- Inmates exhibiting these symptoms will be quarantined in their cells, until cleared by our medical staff to integrate with the population
- Those inmates with more severe symptoms, but not requiring hospitalization, will be rehoused in the Building Seven Intake Unit where they can be provided with nursing coverage.
- There will be no non-emergency bed moves or inmate movement between West Facility and East Facility.

The most important thing you can do to avoid infection with norovirus or any other communicable illness is to diligently practice universal precautions, including the following:

- Wash your hands often
  - Especially after using the toilet
  - Before eating or putting anything in your mouth
- Carefully wash any fruit or food item before eating it
- Thoroughly clean and disinfect contaminated surfaces immediately after an episode of illness by using a suitable cleaner
- Ensure that contaminated clothing and linens are removed from the cell and sent to the laundry for proper cleaning
- Flush or discard any vomit and/or stool in the toilet and make sure that the surrounding area is kept clean

Pursuant to policy, appliances; including but not limited to televisions, radios, record players, compact disc players and tape decks may be played in the housing units with earphones only. Refer to CMC Inmate Orientation Booklet, Rules Pertaining To Housing Units (pages 5 and 6, paragraph 18). In addition, as per paragraph 17, no musical instruments shall be played in the housing units at all.

It has come to my attention that inmates in A-Quad are disregarding these policies. Henceforth, inmates who choose to listen to the above-mentioned appliances without headphones/earphones, or to play their musical instruments within the housing units, shall be subject to disciplinary action(s) pursuant to CCR §3312.

Inmates who ignore and/or dismiss the above policy, especially by subjecting others to excessive volumes, are not only in violation of this policy, but are also in violation of CCR §3004(b) Rights and Respect of Others, specifically, "Showing Open Disrespect Toward Others Which Could Cause Disruption And/Or Incite Or Provoke Violence." Further, CCR §3005(a) Conduct, states, "Inmates... shall obey all laws, regulations and local procedures, and refrain from behavior which might lead to violence or disorder, or otherwise endangers facility, outside community or another person."

Violations of the above policy will not be tolerated, and will result in disciplinary action(s) up to and including the loss of personal appliances and/or serious CDC-115, Rules Violation Reports.

IAB Case No.: 0616489      Local Log No.: CMC 07-0750

This matter was reviewed on behalf of the Director of the California Department of Corrections and Rehabilitation (CDCR) by Appeals Examiner J. G. Arceo, Facility Captain. All submitted documentation and supporting arguments of the parties have been considered.

**I APPELLANT'S ARGUMENT:** It is the appellant's position that on March 30, 2007, he received a hot pot from an approved vendor but Receiving and Release staff failed to issue it due to the electrical appliance restriction. He contends that he was advised to mail the hot pot home as he cannot have three electrical appliances. The appellant requests that three appliances be allowed per inmate pursuant to procedures and to be reimbursed for the hot pot if sent home.

**II SECOND LEVEL'S DECISION:** The reviewer found that the appellant's property card reveals that he possesses two electrical appliances, a radio and television (TV). The appellant was afforded the opportunity to turn in the radio or TV in order to keep the hot pot. Regardless of the item turned in the appellant will have to make the proper disposition of the remaining electrical appliance or staff will make it for him. The institution has followed departmental policy. The appellant's request for transfer to another institution so he can have three electrical appliances will not be addressed.

**III DIRECTOR'S LEVEL DECISION:** Appeal is denied.

**A. FINDINGS:** The institution has reported to the appellant that his issue regarding his transfer request will not be addressed. The appellant has not provided evidence that staff have misinterpreted departmental policy and procedures in this matter. According to the March 29, 2007, Electrical Appliance Restriction memorandum issued by Warden Marshall, the DOM 54030.10.6 has been amended to increase the electrical appliance limitation to three; however, this increase does not apply to CMC due to the physical plant restraints. No relief at the Director's Level of Review is required.

**B. BASIS FOR THE DECISION:**

CCR: 3190, 3191, 3192, 3193, 3287  
 DOM: 54030.1, 54030.3, 54030.10.6, 54030.10.6.1

**C. ORDER:** No changes or modifications are required by the institution.

FIRST LEVEL REVIEW

**ACTION REQUESTED: PERMIT THREE (3) APPLIANCES PER INMATE  
PURSUANT TO ARTICLE 43 INMATE PROPERTY AND  
REIMBURSEMENT OF HOT POT APPLIANCE (IF  
SENT HOME)**

APPEAL: DENIED

A review of your appeal has been completed. Your Appeal/Complaint including your requested remedial action has received careful consideration. In your appeal, you contend that on 03/30/07 you had received an electrical appliance (Hot Pot) from an approved vendor. However, the CMC-East Facility Receiving & Release staff did not issue you the appliance due to an imposed restriction/limitation regarding electrical appliances at CMC-East Facility. Furthermore, the Receiving & Release staff advised you that you had to return the appliance to the vendor or send it home, as you are not allowed to obtain three (3) electrical appliances. The action you requested to remedy this situation is permit three (3) appliances per inmate pursuant to Article 43 Inmate Property and reimbursement of "Hot Pot" if sent home.

On 04/09/07, I conducted an interview with you regarding your appeal/complaint and you had reiterated the issues of your appeal.

I conducted an overview of your appeal/complaint regarding authorization to possess three (3) electrical appliances and based on a memorandum, dated March 29, 2007, subject "Electrical Appliance Restrictions/limits", authored by the Warden John Marshall, clarifies the implementation of the Departmental Operations Manual (DOM) section 54030.10.6, stating that "*Inmates assigned to privilege group A or B may possess up to three appliances, facility physical plant limitations permitting*", and due to the electrical constraints at CMC-East Facility the current policy of allowing inmates to possess two electrical appliances shall continue. However, inmates will be allowed to possess three appliances if the third appliance is non-electrical (guitar, etc.) defined in DOM section 54030.10.6. (Memorandum attached with this appeal/complaint review)

Due to the restrictions/limitations imposed (as defined above) regarding electrical appliances your electrical appliance (Hot Pot) is considered an electrical appliance and that you already have two electrical appliances on your property card. In order for you to obtain the electrical appliance "Hot Pot" you are to turn in one of your electrical appliances due to the guidelines imposed at CMC-East Facility.

FIRST LEVEL REVIEW  
Appeal Log # CMC-E-07-00750  
Page 2 of 2

In conclusion an overall review of your appeal/complaint revealed that the Receiving & Release staff member at CMC-East Facility was in compliance with the guidelines of Article 43 Inmate Property when you had attempted to retrieve your electrical appliance (Hot Pot) and that you were afforded the opportunity to turn in one of your electrical appliance in order to obtain another. Upon doing so the appliance that is to be turned in to Receiving & Release will either be donated or sent home at your expense. And since you did not turn in an electrical appliance, as a one-for-one basis, to obtain your electrical appliance (Hot Pot), it will be sent home at your expense.

Based on the aforementioned facts, your Appeal/Complaint is denied. Should you be dissatisfied with this appeal decision, you may, by following the instructions listed on your Inmate Appeal Form (CDC 602), request a Second-Level Review, and submit to Institution Appeals Coordinator within 15 days of receipt of response.

You state you are appealing the confiscation of your hot pot on March 30, 2007, by an unknown Receiving and Release (R&R) officer. You contend that you were willfully forced to give an address to send the hot pot to your home. You claim the reason for the confiscation was that you are not allowed three appliances, which you claim, is incorrect.

The Departmental rules regarding your issues are contained in the California Code of Regulations (CCR), Title 15, and Department Operations Manual (DOM), as follows:

### **3190. General Policy. (Personal Property).**

*Inmates shall sign the CDC Form 1083 indicating their choice of disposition and agreement to the method for disposing of their property. If the inmate makes no selection or has insufficient funds, staff shall document that fact and determine the method of disposition. Unauthorized personal property shall be disposed of as follows:*

*Mail the item to an address provided by the inmate via United States Postal Service (USPS) or common carrier at the inmate's expense. This option is not available for inmates with insufficient funds in their trust account.*

*Return the item to the sender via USPS or common carrier at the inmate's expense. This option is not available for inmates with insufficient funds in their trust account.*

*NOTE: Unopened packages received by the institution via USPS or common carrier, for an inmate ineligible to receive a package, may be returned to sender at no expense.*

Subject : ELECTRICAL APPLIANCE RESTRICTIONS/LIMITS

This memorandum is to clarify the recent changes in Article 43 that allows Level III institutions to permit three appliances per inmate until the local policy is updated.

As directed in Departmental Operations Manual (DOM) section 54030.10.6; States: "*Inmates assigned to privilege group A or B may possess up to three appliances, facility physical plant limitations permitting.*" However, due to the electrical constraints at California Men's Colony the current policy of allowing inmates to possess two electrical appliances shall continue.

Inmates will be allowed to possess three appliances if the third appliance is non-electrical (guitar, etc.) as indicated in section 54030.10.6. This is a change from the old policy at CMC where the second appliance had to be a musical instrument.

If you have any questions regarding this directive please contact the Correctional Captain for clarifications.

This memorandum is to clarify the recent changes in Article 43 that allows Level III institutions to permit three appliances per inmate until the local policy is updated.

Due to the electrical constraints at CMC the current policy of allowing inmates to possess two electrical appliances shall continue.

Inmates will be allowed to possess three appliances if the third appliance is non-electrical (guitar, etc.) as indicated in Section 54030.10.6. This is a change from the old policy at CMC where the second appliance had to be a musical instrument.

Correctional Sergeant (Sgt.) M. A. Sanchez interviewed you on April 9, 2007, at the First Level of Review.

A review of your non-expendable property card reveals that you have in your possession two electrical appliances, a Jwin AM/FM Radio/Cassette/Compact Disc (CD) player and a Zenith television.

You were afforded the opportunity to turn in your Jwin or television on a one-for one basis in order to keep the hot pot. No matter which item you chose to turn it, you would have to choose the method of its disposal or staff would have determined the disposition.

The request to transfer, in response to the First Level review, will not be addressed. You cannot change the requested action in an appeal.

Your appeal is denied. You will not be allowed three appliances and you will not be reimbursed for the hot pot nor given any other relief. Department rules were followed.

Should you be dissatisfied with this response to your appeal, you may request a Director's Level Review by following the instructions listed on your Inmate Appeal Form (CDC 602).

**APPEAL ISSUE:** You are appealing the issue of not being permitted to keep your electronic appliances when you transferred to the Richard J. Donovan Correctional Facility, (RJDCF) because the only electronics accepted at the RJDCF have to have a clear secure plastic casing. Additionally, you want your appliances back or the money to replace them.

**APPEAL RESPONSE:** Mr. Stephen, I have received and reviewed your Inmate/Parolee Appeal Form, CDC-602, Log #03-1222. In my investigation of this issue I have found that you arrive with electronic appliances that were not in compliance with Operational Plan #2 at the RJDCF. I spoke with Central Receiving and Release Correctional Sergeant E. Vizcarra concerning this appeal. Sergeant Vizcarra states that on October 17, 2003, at approximately 0807 hours, you were interviewed by him and were offered the options of mailing home the TV, radio and CD player, donating the TV, radio and CD player to the State, or having them destroyed. This addendum to Operational Procedure Plan #2, Inmate Property, APPLIANCES, went into effect December 13, 2000, approved by the Warden of this institutions. The California Code of Regulations, Title 15, Article 9, Personal Property, Section 3190, General Policy, (a) states, "Warden and superintendents shall establish a list of personal property items and the maximum amount of such items an inmate may have in his or her possession within the institution."

All California institutions were notified of this change before this addendum went into effect. Regardless of what institution you were at you would have to mail the electronic appliances home if you were not in compliance. Additionally, the RJDCF policy has previously been upheld in a court of law. The Office of W. A. Duncan, Deputy Director Institutions Division, has been notified and the institution is awaiting a response from Mr. Duncan's office for clarification on the issue.

Therefore, based on the aforementioned, this Inmate Appeal is **DENIED** at the Second Level of Review.

Subject: CLEAR-CASE TECHNOLOGIES

In July of 1998, the Director of the Department of Corrections authorized wardens to restrict new purchases of inmate televisions, radios, and compact disks/cassette players to clear-case technology only. The Director did not set exact timeframes when the removal of the old solid-color electronic devices would be implemented. It is expected that more definition of the aforementioned timeframes and phased removal of existing solid-color electrical devices will be included in the forthcoming Property Regulations. Therefore, inmates will be allowed to retain the old style solid-color electrical devices pending adoption of those regulations. No effort shall be made at this time to require inmates to send the solid-color electrical devices home or require they dispose of them in some way if they transfer from one institution to another. In the interim, wardens may continue the practice of requiring that all new purchases of electronic devices be of the clear-case technology.

Jimmie Stephen, a California state prisoner, appeals pro se  
the district court's order dismissing on res judicata grounds his  
42 U.S.C. § 1983 action alleging medical indifference to serious  
medical needs. We have jurisdiction under 28 U.S.C. § 1291, and  
we vacate and remand.

In his complaint, Stephen alleged that prison officials and  
medical staff deprived him of "any and all medical necessities of  
life by their wrongdoings as to their actions from 3-3-94 and  
ongoing." The district court dismissed the complaint on res

judicata grounds, finding that the complaint raised issues that had been litigated and decided in a prior action.

We review de novo the district court's dismissal on res judicata grounds. See Palomar Mobilehome Park Ass'n v. City of San Marcos, 989 F.2d 362, 363 (9th Cir. 1993).

Under the doctrine of res judicata, a final judgment on the merits prevents a plaintiff from relitigating claims that were or could have been litigated in the prior actions. See Nevada v. United States, 463 U.S. 110, 129-30 (1983); Western Systems Inc. v. Ulloa, 958 F.2d 864, 871 (9th Cir. 1992), cert. denied, 113 S. Ct. 970 (1993). The plaintiff also is barred from relitigating issues of law or fact that were actually litigated and necessarily decided in the prior action, whether on the same claim or a different claim. See Duncan v. United States (In re Duncan), 713 F.2d 538, 541 (9th Cir. 1983).

Here, we disagree with the district court that Stephen's complaint raised issues that had been litigated in his previous section 1983 action. Stephen's prior action alleged that prison officials at Calipatria state prison had been deliberately indifferent to his serious medical needs between 1992 and 1993 because they failed to prescribe him specific medications or otherwise failed to properly diagnose and treat his sinus problem. In the present action, Stephen alleges that prison officials at Calipatria state prison have denied him "any and all" medical care since March 1994 in retaliation for Stephen's previous lawsuits against prison officials. Because Stephen's claims in this action involve injuries and wrongs that allegedly occurred subsequent to

the injuries involved in his prior action, the district court erred by dismissing Stephen's action on res judicata grounds. See id.<sup>1/</sup>

Dear Mr. Stephen:

The Office of the Inspector General has received your correspondence postmarked February 8, 2005. In your letter, you allege inmate John Young, T-71261, was murdered by correctional staff. Additionally, you allege your property was confiscated, and you site problems with your trust account.

A limited inquiry was conducted into the homicide of inmate Young, and it was determined that an investigation is currently being conducted by another agency; therefore, it would be inappropriate for our office to intervene at this time.

As for your property and trust account issues, we determined that these issues could be more effectively addressed through a general approach rather than individually. Given the volume and complexity of the complaints we receive, it is not possible for us to fully research and respond separately to each complaint. Therefore, we attempt to focus our audit and investigative resources on issues where the greatest needs exist. We believe that in this way we can provide the greatest benefit to you and others who have been affected. We have therefore included your concerns in our computer database for further review and analysis. If we conduct an audit or investigation of the issues you raise, you may be contacted later.

Meanwhile, we encourage you to continue to try to use available administrative remedies, such as the CDC-602 inmate/parolee appeal process. If you have questions about the process or the status of your appeal, please contact your correctional counselor for advice and assistance.

Thank you for bringing your concerns to our attention.

Sincerely,

 APPEAL DECISION PARTIALLY GRANTED **FIRST LEVEL REVIEW**

**APPEAL ISSUES:** You allege that on September 29, 2006, while at the Central Library, you were seated at a desk, when a group of correctional officers entered the library and without any provocation attacked you. You identified the officers as I. Bravo, C. Lira, M. McCurry and Sergeant Armenta. You also said as a result of this incident you lost your legal property and prescription glasses.

**APPEAL RESPONSE:** In reaching a decision on this issue, a thorough review of your appeal has been conducted. The applicable sections of the California Code of Regulations (CCR), Title 15, the Department Operations Manual, Lieutenant Munoz' video interview of your allegations of inappropriate use of force, (CDCR 3014) and Lieutenant Woods' Crime/Incident Report (CDCR 837) to include Incident Commander's Review/Critique Use of Force # RJD-CEN-06-09-0592.

On Monday December 11, 2006, Correctional Lieutenant G. Savala interviewed you regarding your appeal issues. During your interview, you allege that on September 29, 2006, while at the Central Library, you were seated at a desk, when a group of Correctional Officers entered the Library and without any provocation attacked you. You identified the Officers as I. Bravo, C. Lira, M. McCurry and Sergeant Armenta. You also said as a result of this incident you lost your legal property and prescription glasses. Your only request was that you be awarded damages, which was clarified with you by myself, Lieutenant Savala, to mean money.

Officers Lira, McCurry, Bravo, Sergeant Armenta, Inmate Prince V-80747, and Ms. Simon, the Central Librarian, were interviewed. Lieutenant Munoz' video interview of your allegations of inappropriate use of force, (CDCR 3014) and Lieutenant Woods' Crime/Incident Report (CDCR 837) to include the Incident Commander's Review/Critique Use of Force # RJD-CEN-06-09-0592, were thoroughly reviewed. The information gathered from all these resources indicates you battered Ms Simon, the Central Librarian, when she attempted to retrieve a document as you were attempting to forge your name as the recipient of a "CERTIFICATE OF ACHIEVEMENT" for "Legal Assistant/Paralegal Civil & Criminal Law." She activated her personal alarm, and responding staff arrived. You were still seated at a desk. Officer Bravo ordered you to stand up and turn around so that he could place handcuffs on you. You did not comply with the legal order given to you. Instead, you reached into a box causing Officer Bravo to fear for his safety. He responded by using physical force on you. Officer Palencia and Officer McCurry assisted Officer Bravo in overcoming your resistance, effecting custody, and gaining compliance with the lawful order. They used the minimal amount of force required, which is evident by the injuries you sustained; an abrasion to your shin, as noted on your CDCR 7219. Sergeant Armenta and Officer Lira arrived after the force had been used. Officer Lira's involvement in this incident consisted of him escorting you to the Treatment Triage Area.

Based on the aforementioned, this appeal is Partially Granted at the First Level of Review because I could not account for the legal property or the glasses you claimed you lost during this incident.

Mr. STEPHEN:

The Inmate Appeals Branch, California Department of Corrections and Rehabilitation (CDCR) acts for the Director, Division of Adult Institutions, at the third level of appeal. Additionally, your assigned Counselor or Parole Agent, or the Appeals Coordinator can answer any questions you may have regarding the appeals process. The Inmate Appeals Branch appreciates your responsible use of the appeal system to address your grievance.

The Inmate Appeals Branch has received an appeal from you and has determined that it does not comply with the appeal procedures established in California Code of Regulations (CCR) Title 15, Article 8, and is being screened-out and returned to you pursuant to CCR 3084.3 for the following reason(s):

The Second Level of Review is considered the department's final action in regard to Rules Violation Reports classified as Administrative.
